PROFESSIONAL SUMMARY

Computer Science student with hands-on experience in web development, AI fundamentals, and problem solving. Skilled in Python, JavaScript, SQL, React.js, and Next.js, TypeScript with experience building real-world applications including eCommerce and inventory systems. Certified in Generative AI and AI Foundations through Databricks and Oracle, with strong interest in data, analytics, and scalable technologies.

TECHNICAL SKILLS

Programming Languages: Python, JavaScript, SQL ,Java,Typescript

Frontend & Frameworks: React.js, Next.js,HTML, CSS

Backend: Node.js, Express.js, FastAPI

Databases: MySQL (Basic) , MongoDB (NoSQL), PostgreSQL

Development Practices: Agile Methodology, Git Workflow

Data Engineering(basic): ETL Pipelines, Kafka, Apache Airflow

Development Environment: VS Code, Google Colab

Other Skills: Problem Solving, Team Collaboration, Agile Methodology, Documentation

Tools & Technologies: Git, GitHub, WordPress,Postman, REST APIs

PROFESSIONAL EXPERIENCE

Frontend Lead

SkillHive Innovations — Coimbatore

Present

- Led frontend development using **React.js and Next.js** for projects including eCommerce, CRM, and inventory systems
- Designed and developed **responsive user interfaces**, improving usability and performance
- Collaborated with team members to plan features and manage development workflows
- Documented component structures and frontend architecture to improve maintainability
- Built reusable UI components and optimized rendering for scalable applications

Technologies Used: React.js, Next.js, JavaScript, HTML, CSS

Web Developer Intern

Techsnapie Solution — Coimbatore

Sep 2024 – Sep 2025

- Worked on real-world projects including **eCommerce websites and travel agency platforms**
- Developed and customized websites using **WordPress**, handling client requirements and UI updates
- Assisted in building and maintaining web applications to improve functionality and user experience
- Gained hands-on experience in **client communication, deployment, and project workflows**

Technologies Used: WordPress, HTML, CSS, JavaScript

PROJECT

E-Commerce Web Application

- Developed a dynamic eCommerce platform with product listing, user authentication, and cart functionality
- Designed responsive UI components for better user experience across devices
- Designed and integrated RESTful APIs for authentication, product management, and cart functionality

Technologies Used: React.js, Node.js, MongoDB

Inventory Management System

- Developed a system to manage product stock, updates, and tracking.
- Designed features for adding, updating, and monitoring inventory data.
- Ensured efficient data handling and user-friendly interface

Technologies Used: Next.js, Node.js, MongoDB

EDUCATION

SNS College of Technology, Coimbatore, India

B.E. – Computer Science and Engineering | CGPA: 8.01

Sep 2023 – Sep 2027

Sri Kalaivani Vidyalaya Matriculation Higher Secondary School, Coimbatore, India

Higher Secondary (HSC) | Percentage: 85%

Apr 2022 – Apr 2023

HOBBY

- Team Sports & Strategic Collaboration (Cricket)
- Fitness Training & Discipline Development
- Exploring Modern Technologies & Continuous Learning
- Databricks Accredited Generative AI Fundamentals – Databricks Academy (2025)
- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate – Oracle University (2025)
- Basic Data Structures & Algorithms using Python – byteXL / SNS Institutions (2025)
